- Operating Systems(OS)

Experience

2020–2021
Web Design• Team Leader • ATHR

2021–2023
Freelance • Freelance • Kham sat

2023
Software Engineer• Software Engineer • Horus University Egypt

I have taken a good place in most of the places where I worked, whether from companies or from large universities because of the reality of my experience in each field separately

Education

ICDL AND E AND HR AND the Acts Office, New Damietta

- I have taken many and varied courses in many fields such as hr, business management, ICDL, E and online courses in many and strong programming languages in difficult fields

Leadership

I have been the leader of more than one team in my career in programming and cybersecurity, and I have been trained to lead the team to success and convince the team of my way of thinking and listen to the suggestions of my teammates so that we can show a good final project, and I have been trained to communicate with team members well and attract attention.

Programming Language

HTML	Python	Ruby
CSS	Java	JSON
JS	PHP	yml
TS	Hack	ReactJS
SQL	C++	….and more
